

## Technical Information

INKREDIBLE

# PACIFICA INKS

**The fast setting mineral oil free next generation ECO inks**

**Based on specialized INKREDIBLE technology, process color series for printing on critical substrates, formulated on the basis of renewable raw materials. These inks don't contain mineral oil.**

## The Benefits

The mineral oil free offset printing inks are also ideally suitable for fast work and turn jobs.

## Special Properties

- Fast setting
- Particularly suitable for printing on critical paper grades
- Suitable for uncoated papers
- Optimized carboning characteristics
- Fast post print finishing under high mechanical stress
- Very good gloss
- High fountain solution tolerance
- Chromaticity coordinates in compliance with ISO 2846-1 and ISO 12647-2
- Easy to handle with IPA-free printing using SUBSTIFIX-AF
- Not recommended for printing on films or other non-absorbent substrates
- Cobalt drier free

## Fastness Properties

	Light	Alcohol	Solvent	Alkali
Yellow <b>41PC250</b>	5	+	+	+
Magenta <b>42PC250</b>	5	+	+	-
Cyan <b>43PC250</b>	8	+	+	+
Black <b>49PC250</b>	8	+	+	+
Black <b>49PC2501</b>	8	-	-	+
