

## Shark Skin Outdoor Display Board Recyclability Statement

Shark Skin Outdoor Display Board is on average 95%  $\pm$ 1 fiber-based. As such, this is classed by APCO as fully recyclable and can be recycled in normal paper recycling chains around Australia.

It is a 100% Australian made product, manufactured by Australian workers in 100% Australian owned companies.

Its paper content is roughly 20% recycled and 80% virgin, which is highly desirable for recycling.
